### 1.2 About our Academy

"A quality of passion and inspiration", that is the slogan for our Academy. It takes baby steps which will grow into huge leaps, making a difference in the heart and soul of every learner that takes the pride studying here. Small, intimate classes providing an education that is both interesting and fun puts a smile on each face, a smile that will become a smile of a future leader. Our Academy makes differences in the lives of many children, from offering innovative, high quality education to outstanding extra-curricular activities.

Opening the Academy is a dream in many instances such as; teaching new things in life, shaping the future together and lets you take initiative, deal with responsibilities, giving an opportunity to share knowledge in different fields and the opportunity of shaping the life's of children – as the saying goes: "Children are like wet cement, whatever touches them in their youth leaves a lasting impression".

Making a difference in someone else's life was and will always be a dream, passion and goal of our Academy. With passion, inspiration, perseverance, adaptability, self-motivation, a mixture of our strengths, life experience, achievements and most importantly our knowledge, we believe we can make a difference in the youth of today. We will always be available to teach, listen and make children feel safe and needed. By helping a single child, that child can make such a big difference in his/her community. A life can be restored, dreams can be built again. We will strive to develop each child in a whole, meaning, intellectually, physically, emotionally and spiritually.

### 1.3 Who we are (Why choose us?)

After great research in the West Rand, it was clear that schools are growing at an enormous pace, whereas the classes are over-sized and educational needs are of less importance. Some learners get lost in the classroom resulting in poor educational performance. This means that the smaller private centres need to step up and keep up with new trends and technology in the cing industry to sustain success and growth within our field.

Duendé Academy is situated in Roodepoort/Krugersdorp on the West Rand of Gauteng. The Academy is an educational centre offering an Impaq based curriculum (Refer to page 3 of the Parent Info Guide) to all enrolled. The centre currently caters for learners from Grade R to Grade 12.

With groups of no more than 10 learners per class from Grade R to Grade 12, our families can rest-assured in the fact that our class environments and teaching are manageable, well-maintained and involved.

We believe firmly that our parents and families play an integral role in their children's education and as such, our partnerships with our parents are essential.

Choosing an educational centre such as our Academy has several advantages, namely:

- **Academic:** As a parent, you want to provide the best education for your child/children. However, an increasing number of parents are of the opinion that the traditional educational system inhibits a child's potential. An educational centre provides a suitable solution, and is also more cost-effective than the alternative, private schools.
- **Faith and values:** Many families are concerned that the education their children receive in the traditional educational system is not based on their own religion and value system. For most families, it is important to educate their children according to their religious principles. Duendé Academy specifically provides for a Christian-based education system.
- **Flexibility:** Children of families with special needs don't enjoy the necessary flexibility that they need in a traditional school. Duendé Academy allows you to design your curriculum around your **own time** and **needs** and to learn at your **own pace**.
- **Safety:** Unfortunately, not all people see schools as safe havens for their children. Violence, drugs, the dangers of peer pressure, bullying and emotional safety of children are often the deciding factors in choosing homeschooling or tutor centre.
- **Teaching:** As a parent, you want your child to be taught with a lot of patience and care. Duendé Academy provides qualified and experienced teachers who consider

the needs of each individual learner as very important and designs their teaching approach to each specific learner, so that each learner develops their full potential in the educational system.

## 2. EDUCATIONAL SYSTEM

### 2.1 Impaq Based Curriculum

Impaq has developed a comprehensive curriculum, in line with CAPS, for Grade R to 12. Their curriculum is based on a distance-learning model, which enables individualized learning. This model allows facilitators to focus on the individual learning styles and needs of learners in a class environment.

The curriculum comprises four phases, namely:

- Foundation Phase (Grade R to 3)
- Intermediate Phase (Grade 4 to 6)
- Senior Phase (Grade 7 to 9)
- Further Education and Training Phase, known as FET (Grade 10 to 12)

Impaq offers over 150 subjects from Grade R to 12, available in both English and Afrikaans. This includes all compulsory subjects as per CAPS requirements, as well as five additional selective subjects in Grade 8 and 9 and 21 additional selective subjects in Grade 10 to 12.

### 2.2 Assessment and Monitoring

Impaq supplies all assessment components and reports to continuously evaluate a learner's performance. This includes the following per subject:

- **School-based assessment tasks (Grade R to 3):** Impaq supplies SBAs in the Portfolio books that can be used for continuous assessment of learners.
- **Tasks and tests (Grade 4 to 6):** Impaq supplies all the tasks and tests Grade 4 to 6 learners have to complete throughout the year as well as memorandums in the facilitator's guide.
- **Portfolio books (Grade 7 to 12):** All continuous assessment components Grade 7 to 12 learners have to complete, excluding examinations, are supplied in the portfolio books.
- **Portfolio memorandums (Grade 7 and 11):** The portfolio memorandum includes the memorandums for assessment components in the Grade 7 and 11 portfolio books. Please note that Grade 12 memorandums are not made available to centres or facilitators, as all assessment are sent to Impaq for marking.
- **Examinations:** Impaq supplies all the examination papers the learner has to write throughout the year. The June examination (Grade 4 to 12), Preliminary Examination (Grade 12) and November examination (Grade 4 to 11) are mailed to the teachers. All examinations from Grade 4 to 11 are taken at the Academy. Impaq compiles examination papers externally and only offers the examination on a scheduled basis. Memorandums are sent to the teachers. The Grade 11 November examinations are sent to Impaq for marking. Grade 12 memorandums are not made available, as all assessments are sent to Impaq for marking.

### 2.3 Report cards/progress reports

Impaq issues regular report cards and progress reports to parents, learners and facilitators. Impaq's report card for Grade 1 to 9 is, according to the Schools Act, a service we provide to the parent/guardian and the parent/guardian therefore also declares that the result of the assessment reflects the facilitator's opinion of the learner's progress.

## 7.3 **The use of cell phones**

- Cell phones must be kept at home, but in cases where a learner must bring a cell phone, it must be switched off at all times.
- **The centre takes no responsibility if a cell phone is stolen or broken.**
- No cell phone may be used without the permission of a teacher.
- Parents are not allowed to phone their children during centre hours. Parents can phone the office, and the message will be given to the learner.
- Cell phone technology can lead to the following:
  1. Dishonesty in exams or tests.
  2. Unwanted photos and videos.
  3. The spread of pornography.
  4. Criminals that target learners.
- If learners use their phones without permission, the phone will be taken and parents can sign it out at the office and a fine will be payable.

## 7.4 **Violations – Corrective measures**

We make use of the "Merit and Demerit program". This is a system to keep record of all the merits and demerits that the learner may receive.

Parents will receive the merit or demerit slip immediately after it is given. Record will be kept of it. Parents must please sign it. At the end of each term, the learner will receive a progress report with the report card.

## 7.5 **The route of corrective measures will be as follow**

1. Reprimand of the learner.
2. A letter will be given to the parents and will have to sign it after it is recorded on our system.
3. Submission of the letter.
4. Discussion of learners that need help and support.
5. In the case of serious violations, parents will be phoned. Parents will then have a meeting with the centre management.
6. Centre management discussion and recommendation.

7. Disciplinary hearing: Serious violations can lead to temporary / permanent suspension.
8. A Disciplinary committee that exists of three parents from the centre will manage the disciplinary hearing. This includes the written notice of the hearing, as well as the punishment decided.

The learner must be accompanied with his/her parents. Should a learner not attend the hearing, it will continue in his/her absence. The committee then accepts that the learner is guilty.

#### 7.6 Classroom rules

1. At Duendé Academy we **respect** one another. Everyone is equal and treated with respect.
2. Learners will raise their hands when they want to speak.
3. Homework and class work must always be completed in time.
4. Any assessment tasks that must be handed in, must be on time, so that the work can be marked.
5. Parents must sign class tests, assessment tasks and exam papers, so that they can be up to date with the learner's performance.
6. Learners must be proud of their classroom and work.
7. No hate language or racism is allowed.
8. No eating or drinking in the classroom. Learners will have enough time during break to eat and have something to drink.
9. Learners may not damage the centre property. If they do, they will be held responsible to replace it.

#### 7.7 Serious violations

1. Learners may not, under any circumstances smoke at the centre. If a learner is caught smoking, the necessary steps will be taken and punishment will be given.
2. If a learner uses alcohol or drugs, or if a teacher suspects that a learner is using drugs, the centre has the right (according to the law) to do a **Multi-Drug, Multi-Line Integrated Cup 5 Drug test**. Parents will be notified immediately and the documents will be sent to the parents to sign.
3. Theft is an enormous problem in schools, and will not be allowed in Duendé Academy. If a learner is caught stealing, the necessary steps will be taken against him/her.
